

## Foghorn Therapeutics to Participate at the 2021 Jefferies London Healthcare Conference

November 11, 2021

CAMBRIDGE, Mass., Nov. 11, 2021 (GLOBE NEWSWIRE) -- Foghorn Therapeutics Inc. (Nasdaq: FHTX), a clinical stage biotechnology company pioneering a new class of medicines that modulate gene expression through selectively targeting the chromatin regulatory system, today announced that Foghorn management will participate virtually at the 2021 Jefferies London Healthcare Conference.

### 2021 Jefferies London Healthcare Conference

Format: Virtual presentation and investor 1x1 meetings

The presentation will be available on-demand starting Thursday, November 18, 2021, at 8:00am GMT / 3:00am ET through Friday, November 19, 2021, at 5:00pm GMT / 12:00pm ET.

Please find a link to the presentation [here](#).

A webcast can also be accessed under "Events & Presentations" in the Investors section of the Company's website, [www.foghornrx.com](http://www.foghornrx.com)

### About Foghorn Therapeutics

Foghorn® Therapeutics is discovering and developing a novel class of medicines targeting genetically determined dependencies within the chromatin regulatory system. Through its proprietary scalable Gene Traffic Control® platform, Foghorn is systematically studying, identifying and validating potential drug targets within the chromatin regulatory system. The company is developing multiple product candidates in oncology.
