

Foghorn Therapeutics to Participate in the Citizens Life Sciences Conference

May 5, 2025

CAMBRIDGE, Mass., May 05, 2025 (GLOBE NEWSWIRE) -- Foghorn® Therapeutics Inc. (Nasdaq: FHTX), a clinical-stage biotechnology company pioneering a new class of medicines that treat serious diseases by correcting abnormal gene expression, today announced that management will participate in the Citizens Life Sciences Conference, being held May 7-8, 2025, in New York, NY. With an initial focus in oncology, Foghorn's Gene Traffic Control® platform and resulting broad pipeline have the potential to transform the lives of people suffering from a wide spectrum of diseases.

Fireside Chat Data and Time: Wednesday, May 7, 2025, at 9:30 a.m. EST
Presenter: Adrian Gottschalk, President and Chief Executive Officer

Management will also participate in one-on-one meetings on Wednesday, May 7, 2025.

About Foghorn Therapeutics

Foghorn® Therapeutics is discovering and developing a novel class of medicines targeting genetically determined dependencies within the chromatin regulatory system. Through its proprietary scalable Gene Traffic Control® platform, Foghorn is systematically studying, identifying and validating potential drug targets within the chromatin regulatory system. The Company is developing multiple product candidates in oncology.
